

PRESS RELEASE

September 2015

Meet Mitsubishi Electric at the Hem & Villa exhibition

For the first time, Mitsubishi Electric is taking part in the Hem & Villa exhibition on 10–13 September in Gothenburg and 8–11 October in Stockholm.

The Hem & Villa exhibition is Sweden's biggest house and home show with products for the entire household; for renovation, refurbishment or just for a little inspiration. This year Mitsubishi Electric will be taking part for the first time, in both Gothenburg and Stockholm. We will be demonstrating our air/air and air/water heat pump products that can save you a little more money.

"It's always great fun to take part in exhibitions. Earlier this year we were at Stora Nolia in Umeå and at the Real Estate Show in Stockholm. We are looking forward to two eventful Hem & Villa exhibitions in Gothenburg and Stockholm, respectively," says Anna Sjöström, Marketing Manager at Mitsubishi Electric.

Visit Mitsubishi Electric on 10–13 September in Gothenburg and 8–11 October in Stockholm. In Gothenburg we will be at stand [B05:27](#) and in Stockholm at stand [A08:41](#).

For further information about the exhibition and tickets, visit www.hemochvilla.se (Page in Swedish)

Mitsubishi Electric is a global leader in the research, manufacturing and marketing of electrical and electronic equipment used in communications, consumer electronics, industrial technology, energy and transportation. Its head office is located in Häggvik, north of Stockholm. The company also has offices in Gothenburg and Lund.

The company has operated in the Nordic region for more than 30 years and has 50 employees. Mitsubishi Electric Scandinavia is responsible for sales and the support of its own products in Sweden, Finland, Denmark and the Baltic states.
